## South Haven

To ensure effective communication with patients and their companions who are deaf or hard of hearing, or who have speech impairments, we provide appropriate auxiliary aids and services free of charge, such as: sign language and oral interpreters, written materials, telephone handset amplifiers, assistive listening devices and systems telephones compatible with hearing aids and closed caption decoders, unless doing so will fundamentally alter the nature of the goods, services, facilities, privileges, advantages, or accommodations being offered.

Please ask any personnel for assistance, or call 711 (voice/TTY).
